Get quality you can rely on. These Day & Night® gas furnaces come with the latest engineering and design features to give you high quality—without the premium price tag. You can tell from the quiet operation that each unit is solidly built. At the heart of the furnace, the heat exchangers are constructed weld-free to prevent cracking problems and shaped to generate maximum heat. The updated technology helps improve efficiency and savings on fuel bills.

Warranties give you long-term protection. Every Day & Night unit is backed by exceptional warranties.* You get a 10 year parts limited warranty upon timely registration and a 20 year limited warranty on the heat exchanger.

*Timely registration required for 10 year limited parts warranty. Limited warranty period is 5 years for parts if not registered within 90 days of installation. Jurisdictions where warranty benefits cannot be conditioned on registration will receive the registered limited warranty period. Please see warranty certificate for further details and restrictions.

PS92

PS80

The difference is Day & Night.

PS92 Gas Furnace

- 92% AFUE
- Advanced RPJ® III primary and stainless steel secondary heat exchangers capture additional heat generated by your furnace
- Induced draft combustion blower for efficient performance
- Multispeed PSC circulation blower for durability and reliability
- 1-pipe or direct vent (2-pipe)
- California low NOx models available for most applications
- 20 year heat exchanger limited warranty
- 10 year parts limited warranty upon timely registration

PS90-DV Gas Furnace

- 90% AFUE
- Advanced RPJ® III primary and stainless steel secondary heat exchangers capture additional heat generated by your furnace
- Induced draft combustion blower for efficient performance
- Multispeed PSC circulation blower for durability and reliability
- 1-pipe or direct vent (2-pipe)
- 20 year heat exchanger limited warranty
- 10 year parts limited warranty upon timely registration

PS80 Gas Furnace

- 80% AFUE
- Advanced RPJ® heat exchanger optimizes heat transfer
- Induced draft combustion blower for efficient performance
- Multispeed PSC circulation blower for durability and reliability
- 33 1/8" height adds installation flexibility
- California low NOx models available for most applications
- 20 year heat exchanger limited warranty
- 10 year parts limited warranty upon timely registration

**Timely registration required for 10 year limited parts warranty. Limited warranty period is 5 years for parts if not registered within 90 days of installation. Jurisdictions where warranty benefits cannot be conditioned on registration will receive the registered limited warranty period. Please see warranty certificate for further details and restrictions.*

PURE COMFORT FOR ALL SEASONS.

- Humidifier** enhances comfort by reducing dryness in the air.
- Air Cleaner** filters out many indoor air pollutants so the air in your home is cleaner.
- Set-Back Thermostat** allows you to customize heating and cooling levels and also save energy.
- Furnace** is designed for maximum comfort and efficiency, and built rugged for years of operation.
- Air Conditioner** keeps your home cool and comfortable while saving on energy.
- Evaporator/Indoor Coil** matches your Day & Night air conditioner and furnace to ensure great performance.
- UV Lights** help prevent the growth of microbes on the coils. (Not available on all models.)

- Energy ratings up to 92% AFUE¹ provide a significant increase in efficiency over older furnaces
- The RPJ® (Rigid Press Joint) heat exchanger helps overcome problems such as cracking and leaking; the clamshell form provides better air movement, and the baffled design optimizes heat transfer
- Direct Hot Surface Ignition System features an advanced silicon nitride igniter for greater reliability
- Installation flexibility: Compact multi-position cabinet

¹AFUE stands for Annual Fuel Utilization Efficiency.
