*Call My Daddy,  
He Can Fix Anything!*

If you have had another licensed contractor out to your home and they gave you an estimate or diagnoses in writing let us know. We don't think you should have to pay twice for the same work. We will come to your home and either confirm their work or let you know exactly what you should do.

Let us see that you have an invoice (you can cover up any price you wish) and we will work until we have a solution for you, all at no charge whatsoever.

Please present to your service provider at the time of arrival
